

CommandBase

```
classDiagram
    class CommandBase
    class ExampleCommand["frc.robot.commands.Example Command"]
    ExampleCommand --|> CommandBase
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'CommandBase'. Below it is a larger box labeled 'frc.robot.commands.Example Command'. A blue arrow points from the bottom of the 'frc.robot.commands.Example Command' box up to the bottom of the 'CommandBase' box, indicating that 'frc.robot.commands.Example Command' inherits from 'CommandBase'.
